Newspaper Wreath

Tutorial by Katie Digon, WVU student Eco-Rep

Materials you need: Cardboard, Newspaper, Scissors, Hot Glue Gun or Tape, Leftover Ribbon, Circular Object to Trace, Any Other Materials You Want to Use

Step One: Trace your object to make a large circle with a smaller circle inside

Step Two: Cut out wreath base
Step Three: Cut the newspaper and roll into tubes, then tape or hot glue

Step Four: Continue this until you have enough rolled

Step Five: Once you have enough tape the rolls to the base
Step Six: Continue until you completely cover the wreath

Step Seven: Decorate the center however you want!
